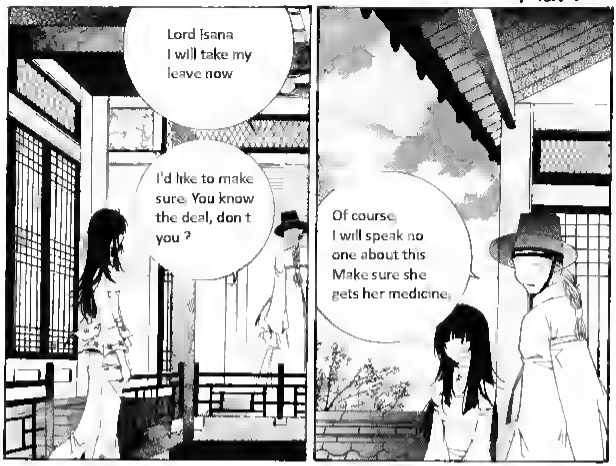
I almost killed her.
But she spoke too much about so much stuff I couldn't get. I had to think....
Well then...



Lord Isana
I will take my leave now
I'd like to make sure. You know the deal, don t you ?
Of course.
I will speak no one about this
Make sure she gets her medicine.
Her wound is taken care of. Don t worry too much, lass.
I see.

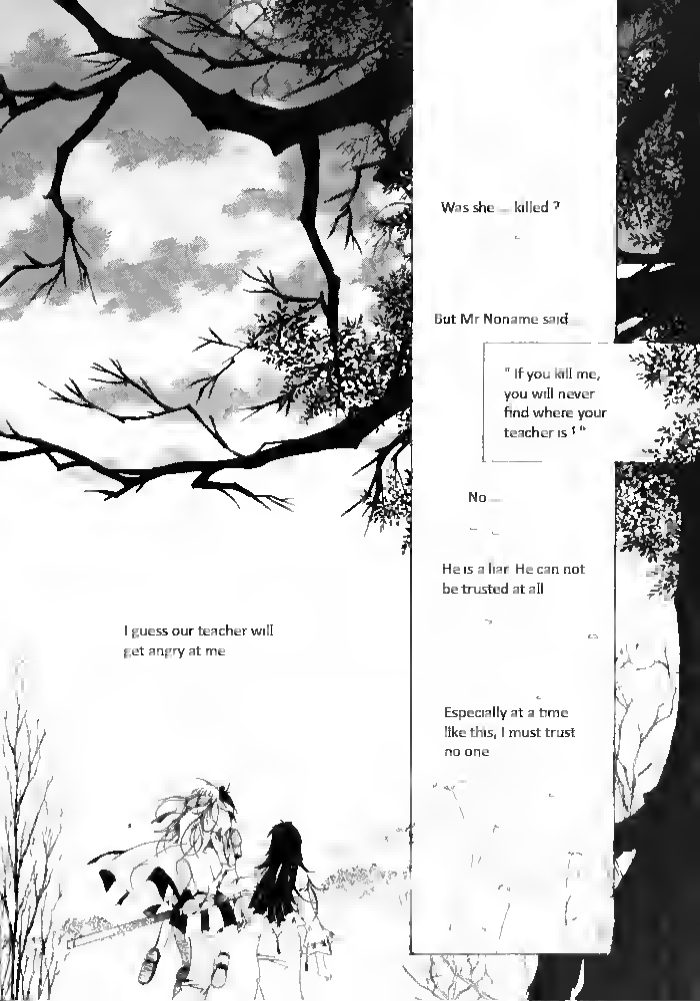
I guess...
He sees me as her servant naturally.

'For how long
Are you going to just look at her ?"
Ah ...

Sir, the mansion is close from here. I guess we will take her there
I guess so
Good
No bone and internal organs are hurt. She will be fine. Let's stop the bleeding first
Ah

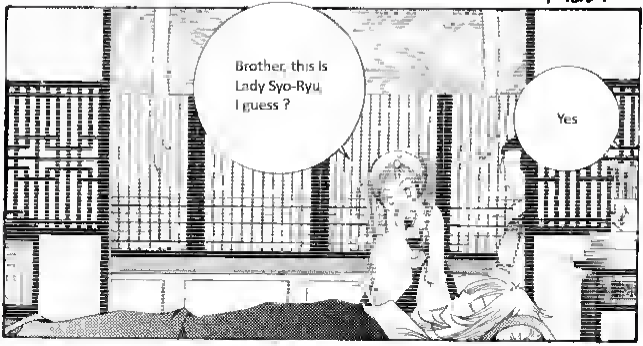
I guess so...
Personally, I... don't care less whether she survives or not...
She has murdered [illegible]...
But... if I think so...

JANIMES.COM

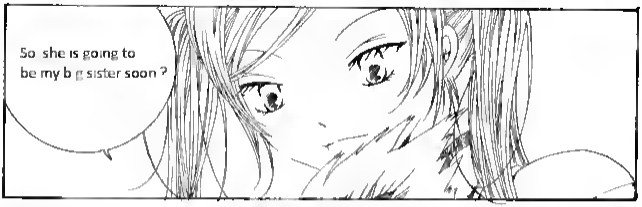


Was she ... killed ?
But Mr Noname said
" If you kill me, you will never find where your teacher is ! "
No ...
He is a liar. He can not be trusted at all
I guess our teacher will get angry at me
Especially at a time like this, I must trust no one

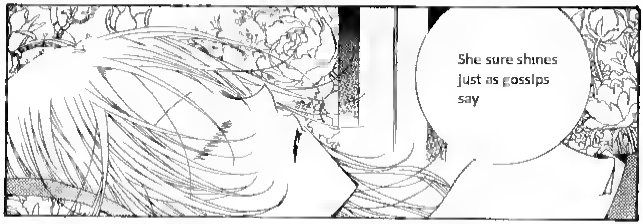
By the way, did I take my medicine today ?



Brother, this is Lady Syo-Ryu, I guess ?
Yes



So she is going to be my b g sister soon ?



She sure shines Just as gossips say

Rozin, stop that
킥킥 간질

I saw your bed in her room. I guess you plan to sleep in the same room with her?
Correct. I plan to have a wonderful dream in a flower field.
Do keep this a secret from mother. As a payment to shut your mouth, her is the newest addition of your favorite novel.
Oh, my! I thought it'd be hard to import that since the borders are closed.
Now you've taken a payment.
Mind looking after her as well?

Brother !! Having a mistress already ?!
I am uncerta n how Lord Son (Syo-Ryu's father) will think !
My dear foolish sister, you know that I am not that healthy

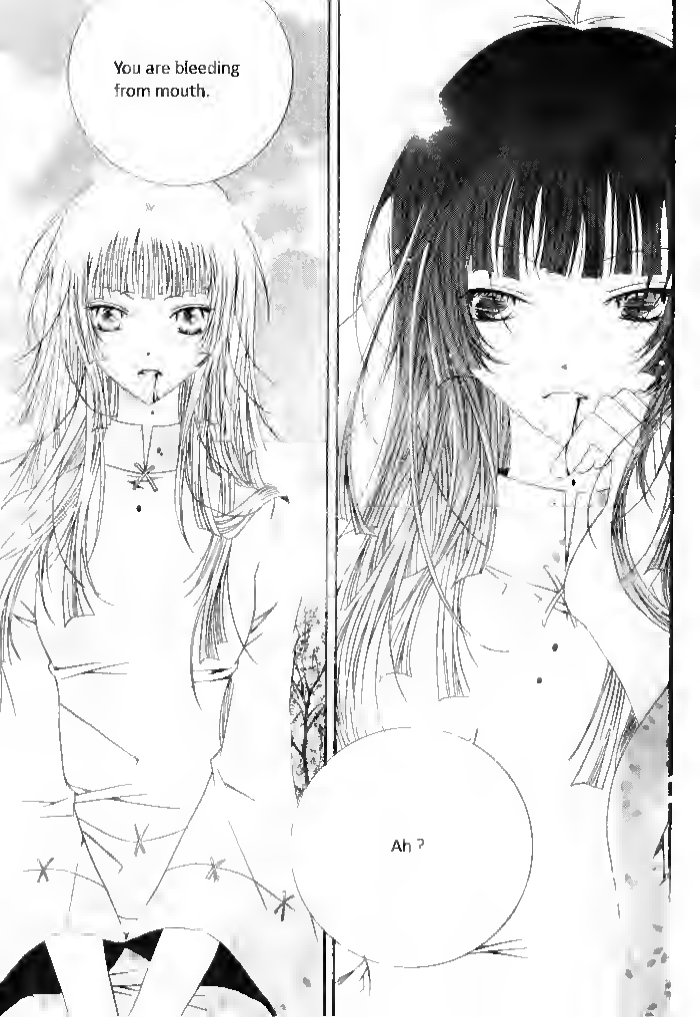
Ach, enough Go to bed Ask your folding fan God in there
I can't do that by just looking at her face Go get one of her belongings.

Brother, you are the best ! You really went for it !

Ah, by any chance, are you...

The good girl, Myu-Un ?
Pardon ?
How do you know my name
I happen to look after two very hyperactive children from Moon contry
Lady Syo-Ryu has asked me to look after Aru and Jerc Young

That lady—
Has she been…… after us
Um, I am sorry to disturb you, but where are Aru and Jerc Young—?
Blood—
Are you hurt, too ?
Pardon ?



You are bleeding from mouth.
Ah ?

Uh ?

Um...

TANMES.COM

I apologize...
For...
Dirtying your floor...

Myo-Un nuna !
(sis)

God damn it !
Where is the god damn bitch ?!
That cursed Son Syo-Ryu !
Where the hell

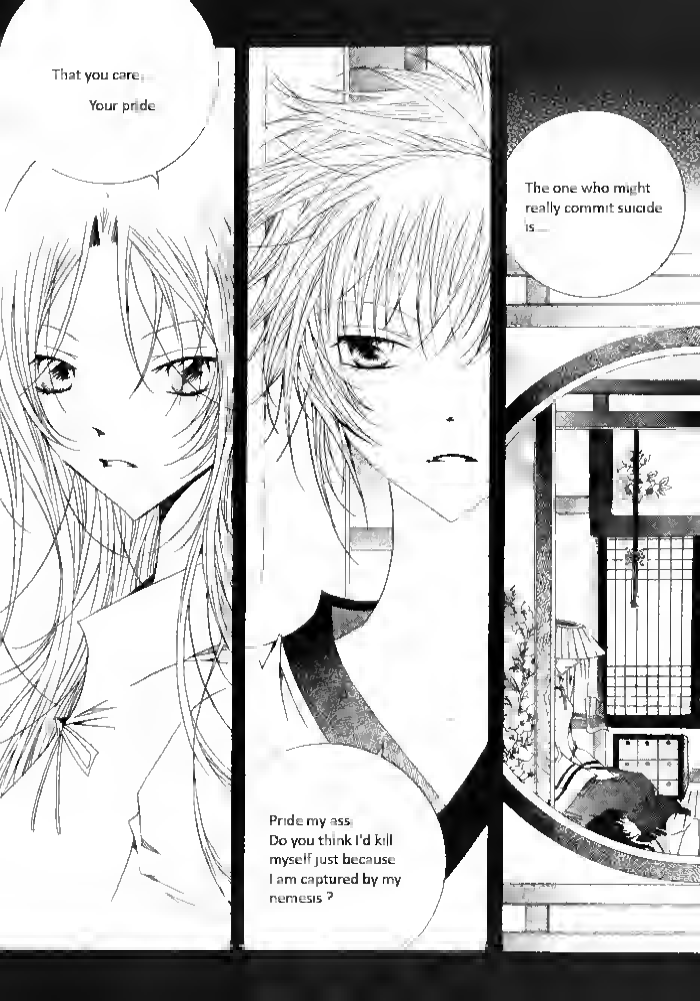
I should have
Explained to her better
Therefore

If she does not take antidote even for a day
(Read the next page first)
Because the antidote is very very ~
Expensive.

She will start to bleed from every holes in her body and die painfully and very, very, slowly
But perhaps it is a better idea to let her die rather than try ng to provide her with daily antidote
(Now go back to the previous page)

I know well that you do not mean that.
So ?
Let the girl die and I will be free
What a great plan you suckers have
JANIMES.COM

Hmph, why didn't you poison me instead ? Am I not the one you suckers are after ?
Oh, please enlighten me, bastards because a lowly person like me can t see what you are trying to do
I know



That you care...
Your pride
Pride my ass.
Do you think I'd kill myself just because I am captured by my nemesis ?
The one who might really commit suicide is...

That girl you've poisoned.

I should have...
explained to her better...

Harim !
I found the lady !
A messenger informed that she is at lord Isana's mansion !
Harim, the lady's safe !

Harim !
Who is Isana ?
언젠간

One day...
I guess I will fall like that...
...again now...

휘릭
I see that you've finalle regained consciousness

Why don't you rest more. The wound was not critical, but it wasn't a light one, either, especially for a woman.
This is
This is my manor. I guess this is the first time you've been to it.
How

JANIMES.COM

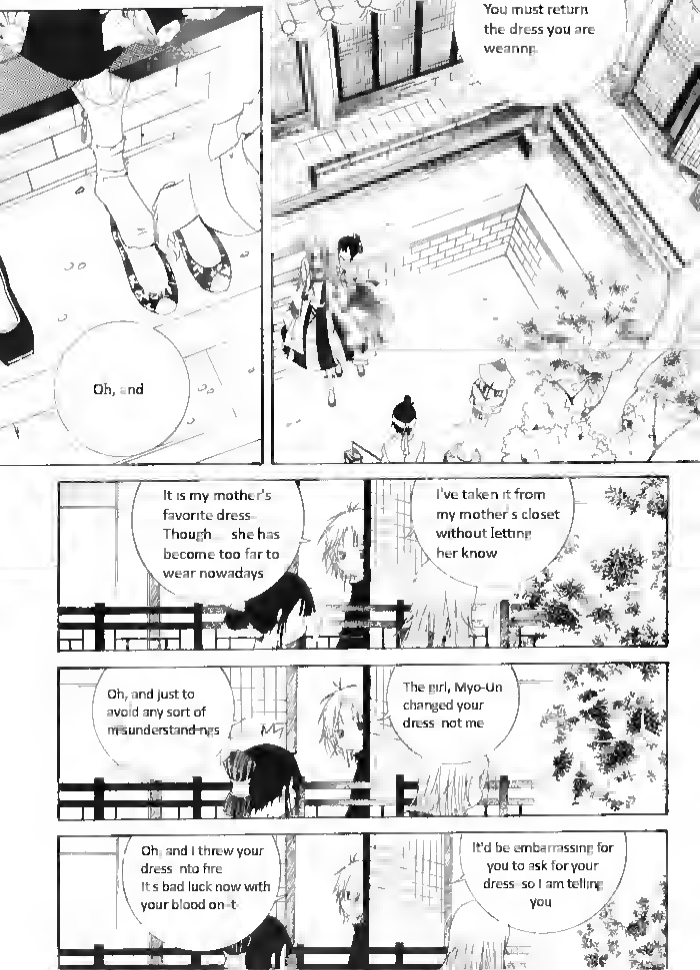
I've brought you here
I found you conscious at the fallen house of Song Jin-Won
Along with your maid ..

Please don't get angry at me..
I didn't mean it.
But I happened to eavesdrop your conversation with her

Relationship 13章……관계(間)

I can almost hear you breath
It is very unlike of you to get nervous like this. It's not like I'd use the secret against you
Besides, it has nothing to do with me and my family.
It does feel like ...

I have an advantage over you for knowing the secret...
...Probably not.
You may take her home now.
Yes....



You must return the dress you are wearing.
Oh, and
It is my mother's favorite dress. Though... she has become too far to wear nowadays.
I've taken it from my mother's closet without letting her know.
Oh, and just to avoid any sort of misunderstandings
The girl, Myo-Un changed your dress, not me.
Oh, and I threw your dress into fire. It's bad luck now with your blood on it.
It'd be embarrassing for you to ask for your dress, so I am telling you.

Oh, and of course ...
I doubt you'd ask for that ...

우

Well, now

I cannot see you off
Please follow me, lady
탁

I do not see Myo-Un
Did she return
already ?
Won
Ryu Sang took
lady Myo Un
by force.
I see
Ryu Sang was really
pissed about it, so
you should avoid him
for a while

JANIMES.COM

Lighten up
The lady is safe
and sound

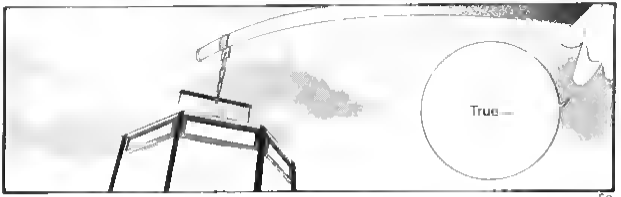
"Safe and sound"?!
She's not even married
yet and she has a
slash wound on her
body !
It's just a cut
It's the same
thing !

I guess they know
this incident by
now ?
There were
a lot of witnesses
at the market
I am so dead

I will personally pick your grave spot for you if you die
Why don't you be my knight instead ?!
... Are you asking me to take your punishment for you and possibly die for you ?
I, I am sorry I was desperate ... It just came out
This is not even my fault if you think about it
It was Myo Un who was with her when it happened, you know
It was so mean of her that she worried more about her than me !
I bet she doesn't care whether I am killed from this incident !

Then tell the lord that.
Huh ?
Tell the lord that it was Myo-Un who was with her.

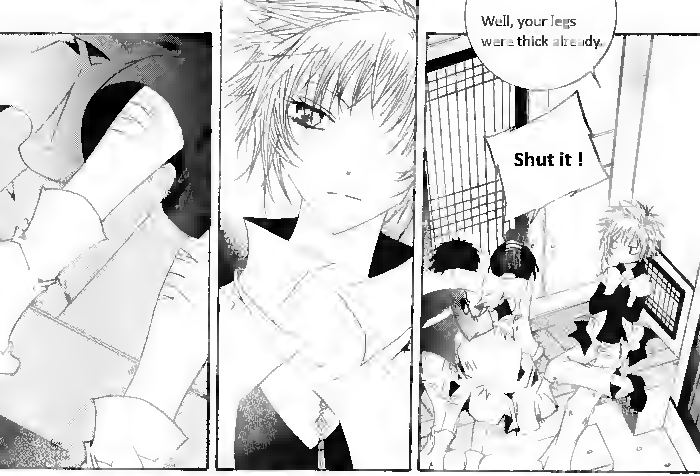
Won, you aren't her only servant. Myo-Un is one also.



True —

True, but ...
... Nuna !
(sis)
Myo-Un
nuna !

Harm, I thought you liked Myo-Un secretly
Yes, I do like her
What ?
Really ?
Why should you care ?
The lady has returned !
Inform the lord !



Well, your legs were thick already.
Shut it !

Ryu-Sang, what are you doing in front of a lady's room at this hour ?!
Get out of here before they gossip about it !

I was leaving anyway
Just leave !

So, you took this path
I am unsure she is whether a nice girl or is being too servant like
The boss was looking for you
Do not act friendly

Friendly ?
He probably means not to even talk to him
Do you want me to bring some cold wet towel ?
No. I am just going to sleep You go bed too.

Alright.

I told you to wa t outside
Would you kindly wait outside idly after see ng what happened ?!
Would you ?
What's wrong with Myo-Un nuna ?
Is it some kind of epidemic going around here ?
Jackass ! You've been here all this time and you didn't let me know that you two are safe ! I thought you two were taken to some prison !
It was more like I couldn't , considering the air in this house

Where did you throw Aru away ?!
Why are you alone ?!
Aru is fine... don't you worry !

Aru needs to learn multiplication table
Aru hasn t even finished *Hangul
*Korean alphabet

You are from Moon country How did you end up in such a manor ?
Well, it seems the lady Syo-Ryu from this house asked lord Isana to look after us

She did ?
Who is Isana ?

Lady Syo-Ryu's fiance...
The boss is really looking for you

JANIMES.COM

I told you to wait outside ! We got caught !
Don t fight.
Why does this "boss" keep looking for you anyway ?!
Bro !
Unlike his appearance he has a good information net
Damn it, he calls me constantly What does he think I am ?
I told you not to talk to me !
Why not ? We are fellows.

Fellows ?
I swear I am going to break this neck of yours one day
That'd make me quite sad
If I kill you, my boss will kill me. If you are dead, lady Myu-Un will also die. Lady Syo-Ryu will be quite sad in the end.

You make it sound like you cannot harm me in any way at all.
— Nope, that'd be so unfair.
Consider it as your punishment.
Why should I
Accept a punishment which should be directed at my employer?

What ... ?
Is that all you've got to say ?
If I am wrong, correct me.
All I did was follow their orders.
Don't you have mind of your own ? Are you a slave to the core ?
Yes, I am a slave. I have no mind of my own.
I do not judge
I do not think
Therefore, I do not have any responsibilities.

In my life
There have been few times where I had my own thoughts and acted on my own
And whenever I did act on my own with my own thoughts, results were always, always, crap

Like now.
You should have...
Sliced my arm when you had the chance previously.

You've said to me once,

That I
(Read next page first)
You knew but you still allowed me to follow you when we first met on a snowy road.
Even after when you told me, I still continued to leech on your wealth.

I did obey you
At all cost no matter what.
Would destroy you.
(Go back to the previous page now)

JANIMES.COM

Just to prove my point
I've spent my whole life being a slave.
Just to prove that I am not the one who will destroy you.

Even though today
I leave your house,

Because I disobeyed
you and your house,

A mere child

For a noble lady-in-waiting...

I don't expect anyone to know, but you must know.
I want you to remember what I did that I was being completely loyal.
Even before, he could think properly for himself...
Just what are you doing in this house?

You and Myo-Un nuna seem to be quite free. Why are you two staying here ?
And he called you a fellow. He is our nemeisis.
It has something to do with Myo-Un nuna, doesn't it.
About Myo-Un ...

If not, there would be simply no way that you are working for this house.
Am I right ?
Right ?
I am truly sorry that.

Uh ?

Kang Jero Young, someone's coming
Leave

When I am ... the ... is when he says like "sorry".
Where are you going ?

Sorry ?
Sorry about what ?
I am ... that he ... have
Aren't you going with me ?

He said sorry...
...Just...
Ryu-Sang...
Aren't we going to go back home ?

Why are

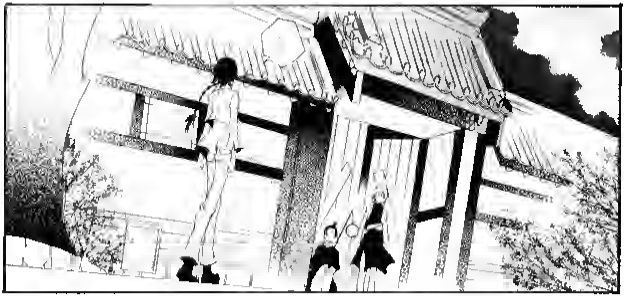
"I hate kids
that cry"

JANIMES.COM

Ryu Sang oppa !
Myo-Un eunni !
Jerc Young oppa !
Take me with you !
Take me —
Take Aru, too !

Are you alright ?
Take me with you
Yes
You are not crying. Good. you are strong
Don t run in such a crowded place like this

Go home now.
It will get dark soon

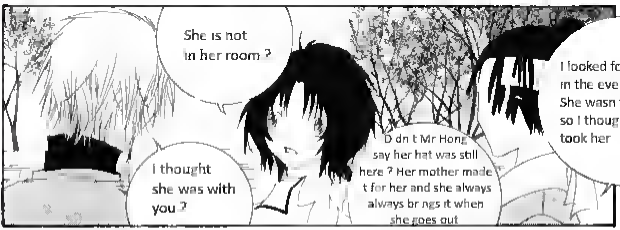


Lord Isana
Mr Hong
See ?
I told you so

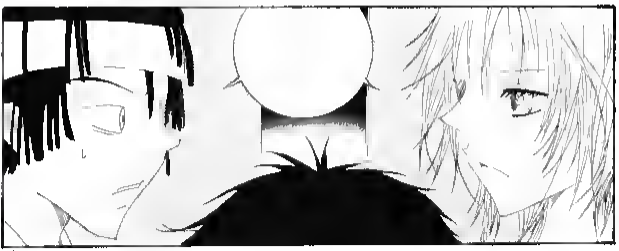
I was complaining how you ran away without saying anything after all I've done for you
Aru's favorite hat and his sword were left They'd never leave without those
As well as their money pouch
I__ have to stay here a while longer
Did something happen to the woman ?
Don't worry I will work

So be it
Thank you
?

Anyway isn't Aru with you ?
Eh ?



She is not in her room ?
I thought she was with you ?
D dn t Mr Hong say her hat was still here ? Her mother made t for her and she always always br ngs it when she goes out
I looked for her in the evening She wasn t here so I thought you took her



Lord Isana, this drumming marks the forbidden hour.
No one is allowed to go outside after this signal until morning.
She must have gotten lost after following Ryu-Sang... I have to find her
Jere Young
Take this with you. If a child from Moon country goes outside, you will be taken to a jail at once.
For a short while,
You will feel the power of a noble.

As long as you bring the kid back successfully, I don't care what you do with it.
Aru...!
JANIMES.COM

What the hell ...
Why does life have to suck like this ?!
Not once have I done a bad deed to someone in my life ...
If I don't find Aru soon, I might get assassinated !
SIFE !
Oh ! You are looking for your sister ?!
You should have come to us right away ! We will send out men ASAP !
Um....
We will escort her to your house as soon as we find her !
Thank you

Lady
Lady Aru I
Aru – I

About Myo-Un . .

I am truly sorry about that

Just what the hell are you sorry about ?!

Why are you so sorry that you are living in the house of our nemesis ?!

Hmph. look at you

Look at you
You've always
acted like know it all
and now look
at you
I've come this far.
I haven't seen any
traces of her.
Did she go
elsewhere ?

It's Ryu-Sang...
Where is he going
with such an outfit?
My mother...
When my father
perished in a battle
and when our castle
mother ran into rain of
arrows and killed herself.

People
They said she made the
They said
she'd have been shamed
by the enemy otherwise.
...I...
I wondered if that was so important.

The five-year old boy...
Cried out loud, saying why such would matter.
...Fifteen year old boy...

He does not say out loud that he is ashamed of his life.
Because he is not the one
Who is holding back.

Ryu-Sang,
it's your brother.
Boss, you know that
he is staying at Lord
Isana's manor, don t
you ?
What if I do ?
Lord Isana is
not someone
I can even tackle.
Anyway boss,
where are we
going ?
I wondered who
was shadowing us

This is a merchant's ship. Are you trying to sell us ?
What if I am ? It's not like you have a selling point.

You don't have a nice body
You are not good looking.
What's wrong with my body ?!
Quiet.
?

JANIMES.COM

We will take off on Hamat plain

Ah ? Isn't that Shan clan's territory ? Are we allowed to go there ?
Why not ? One of concubines in Su royal palace is from there.

You know, how many wives does our king have ?
He has more children than wives. I wonder if he can remember names of his children
I bet it's scary there in the royal palace with heir debate. Well, that has nothing to do with us
Anyway Hamat plain, huh
I wanted to go there once. Now I go there
I heard that green sea waves all year long.
The whole plain looks connected to the sky

Why don't you write a poem
I read it somewhere. That's all.
And the plain dances along with wind

That's where I, Aru, and Ryu-Sang waited for Myo-Un ... ...

... Ah, by any chance, did she go there after being lost ?
Please, be there ...
... Please
Please ...

Heh—
You might get a cold—

This...

Will remain a secret between us.

Do not tell Won and anyone else about this.

You know,

Between you and me, there are just too much secrets

I guess
This is the only way I can
Retablish relationships

I was going to say
something –
But I was sleepy
JANIMES.COM
And I didn't feel
like saying
something.

She sat quietly in the room for many hours, and she made
no sound when she left by dawn. Only when her presence was gone completely, I was finally able to sleep deeply.

어느날!!
Jere-Young's voice was
lingering in my ears
And his voice led me
into dreams.
... I felt like ...

Hmph

We will depart.

Why did you bring so few against the elite Shan clan ?! We are outnumbered !
